

## ***What Should You Do?***

***You were just rear ended at a stop light. Do you know what to do?***

“Distracted” driving, driving while texting or emailing, is on the rise. As a result, you may be the victim of a distracted driver.

In addition to being a pre-eminent law firm in the field of consumer protection, Hamilton Burgess Young & Pollard continues to represent clients who have been injured as a result of another’s fault. This includes claims arising from car collisions, injuries on commercial property, medical malpractice, and insurance matters. ***In 2016, our firm obtained over one million dollars in settlements for injured clients.***

If you are in a collision, you will not be treated “like a good neighbor,” nor will you be “in good hands.” ***The only way to stand up for yourself is with a good lawyer at your side, on your side.***

In school, we were warned about our “Permanent Record.” Your Credit Report is the closest thing you have to a “Permanent Record” and that Report can affect many things: loan approvals; interest rates; the amount you pay in car insurance; and even your ability to get a job.

Credit Reports are complicated. **We can help evaluate your credit standing and provide a financial checkup free of charge.** If *anything* on your credit report is even slightly incorrect, it can negatively affect your life. Contact our office today to ensure that your credit is healthy and in good shape.
